

# FRANKLINTON INFANT MORTALITY PROFILE

Where we live, learn, work and play has an impact on our health and the health of babies in our community.

CelebrateOne works with community leaders and residents in eight high-priority neighborhoods to make them safer and healthier for moms-to-be, babies, and families.

## INFANT MORTALITY<sup>1</sup>

This affects life expectancy

Infant mortality is the death of a child before they turn one year of age. In Central Ohio, black babies die at a rate 2.5 times that of white babies.

Franklinton	Franklin County
<b>8</b>	<b>781</b>
# of infant deaths from 2011-2015	

Franklinton	Franklin County
<b>15.2</b>	<b>8.4</b>
Infant deaths per 1,000 live births	

## LIFE EXPECTANCY<sup>1,2</sup>

Franklinton	Franklin County
<b>67.1</b>	<b>77.7</b>
Age In years	

## CAUSES OF INFANT MORTALITY

- Born too small and too soon
- Birth defects
- Unsafe sleep
- Smoking
- Neighborhood health

## UNSAFE SLEEP<sup>1</sup>

Once a baby is 1 month old, the biggest risk for infant mortality is sleep-related death. All babies should sleep alone, on their back, and in an empty crib.

25.0%

Franklinton	Franklin County
<b>2</b>	<b>110</b>
# of sleep-related infant deaths from 2011-2015	

One in four (25.0%) infant deaths in Franklinton were due to unsafe sleep, compared to less than one in six (14.1%) in Franklin County overall.

## LOW BIRTH WEIGHT<sup>1</sup>

The leading cause of infant death is babies being born too early and too small to survive.

Franklinton	Franklin County
<b>15.4</b>	<b>9.1</b>
% of births low birth weight (< 5.5 lbs)

Franklinton Arts District	CelebrateOne Franklinton Intervention Work Group

## PROJECTS

Lower Lights Nonprofit Grocery Store  
CelebrateOne Connector Corps  
Dodge Community Center for Opportunity  
Sullivant Gardens Center for Opportunity  
Casto/Weiler/Kelley/ Smoot/ CMHA River and Rich Project

## OUR GOAL

CelebrateOne is working to help our neighborhood thrive and for our neighbors to be as healthy as possible.

<b>6</b> No more than 6 infant deaths per 1,000 live births!	<b>1/2</b> Cut the disparity gap between white and black infant mortality in half!
---	---

## HEALTHY BABIES NEED HEALTHY NEIGHBORHOODS

Health is also related to the conditions where we live, learn, work and play. Health is quality schools, good jobs, safe places, decent housing... All of this and more determine the health of our neighborhood and babies.

Every baby deserves to celebrate his or her first birthday.

### EDUCATION<sup>2</sup>

	Franklinton <b>37.4</b>	Franklin County <b>10.0</b>
	% of adults 25+ years without high school diploma or GED
